

LaGrone Withdraws

Subsidy Request

Declares Ambulance Service Continuing

LaGrone Funeral Chapel, Inc., has withdrawn a \$562.50 per month ambulance service subsidy request from the City of Canyon.

"In as much as a segment of our community opposes ambulance assistance from the city," Jerry LaGrone said Tuesday in a letter to Mayor Paul Lindsey, "we have decided to withdraw our application for any such assistance."

LaGrone, president of the corporation, made the subsidy request to City Commissioners here in early September, stating that poor collections prompted the move.

"We will provide the same type service that this community has been accustomed, as long as it is financially possible," LaGrone stated in the letter. "We respectfully request the City Manager and the Commission to study this problem and perhaps come up with a more workable arrangement."

"As you know, we have not received a check, and we would like to stop the first one."

The mortician earlier said his firm made about 82 per cent of its total calls within the city limits and that charges on about 60 per cent of those calls were not collected.

A similar request from Randall County for a \$187.50 subsidy was made by LaGrone in September, but commissioners tabled action on the proposal.

LaGrone told city dads he collected a little more than \$3,000 for ambulance service calls last year. The ambulance business, he estimated, was losing an average of \$750 per month.

Veteran's Breakfast Saturday

Annual Veteran's Day Breakfast will be served Saturday morning between 7 and 8:30 o'clock in the American Legion Hall in Canyon.

All ex-service men and their families are invited for the breakfast which will feature a menu of eggs, bacon, toast, jelly, donuts, coffee and milk.

According to J. W. Kleinschmidt, post commander, this will be the 45th breakfast observing Veteran's Day to be held in Canyon.

Amendment Vote Saturday

Randall County voters will join other Texans Saturday in going to the polls to ballot on six proposed constitutional amendments.

The amendments will appear on the ballot in the following order:

1. To authorize counties to place all their tax revenues in a single general fund, rather than separate, special-purpose funds.

2. To let local political subdivisions which have hospital districts spend tax money for mental health and mental retardation purposes.

3. To revive the veterans land program through an additional \$200,000,000 bond issue, permitting war veterans, including those of the Vietnam conflict, to purchase land on low-interest, 40-year payback loans.

4. To permit counties to pay medical benefits for their law enforcement officers injured in line of duty.

5. To authorize a \$75,000,000

state bond issue (supported by an admission fee at selected parks) for park land buying and development.

6. To permit non-elective (See VOTE Page 3)

Gruner Heads Livestock Association

Forrest Gruner, local farmer and rancher was elected last week president of the Randall County Junior Livestock Show which has been scheduled Jan. 12-13.

Other officers for the 21st annual show to be held in the Randall County Junior Livestock building are Walter Cranmer, vice president; Meade Michael, secretary-treasurer; and James Bible, general superintendent. Outgoing president is R. B. Gist, Jr.

A finance and membership drive will get underway in about two weeks for the annual affair. Memberships will be \$5 each. Heading the drive is Cranmer and Richmond Hales.

The organization has 314 members at this time, representing all sections of Randall County.

Show space will almost be doubled next year because of a new addition to the livestock building. County Commissioners Bill Butler and Glenn Dowlen have constructed the building addition for the storage of maintenance equipment.

Other committee chairmen and show judges will be named at a later date, according to Randall County Agent John Brazzil.

Two bicycle safety films will be shown to all physical education classes at Rex Reeves Elementary School on Thursday, Nov. 16.

Ed Richards with the Department of Public Safety will present the films, which are being sponsored by the Rex Reeves Parent-Teacher Association. Pamphlets containing rules and bicycle safety tests will be distributed at the special programs which will be conducted all day.

German Sausage Feed Scheduled Sunday

Umbarger residents will hold the annual German Sausage Festival Sunday with serving hours set from 11 a.m. until 4 p.m. in St. Mary's Parish Hall.

Approximately 2,700 attended the event last year, according to Bernard Hartman and John Wieck, overall planning chairman.

Tickets are \$1.75 for adults, \$1 for students 6-12, and children under six will be served free. Head cooks for the dinner are Mesdames Bernard Wilhelm, Dennis Brandt, Andrew Lindeman and Elroy Artho.

A country store and gift bazaar will be open throughout the day. Mrs. Joe Wieck is in charge of the country store, which will have a variety of homemade breads, desserts, pies and cakes on the shelves. The gift bazaar is being directed by Mrs. W. P. Jenssen and will offer novel homemade items for Christmas.

Entertainment during the afternoon will include a fishing pond, directed by James Skarke, and a concession stand for ice cream and soft drinks, managed by Darrell Adams.

A public dance is set for 8:30 p.m. in Parish Hall with Al Rogers providing the music. Dance tickets are \$1 per person.

DR. STRAUSS ATKINSON

Dr. Atkinson Selected For Baptist Post

Dr. Strauss Atkinson was selected to serve a three year term on the board of directors for the "Baptist Standard" at the 82nd annual session of the Baptist General Convention of Texas which was held recently in Lubbock.

Dr. Atkinson, who is pastor for First Baptist Church of Canyon, will serve on the official publication's board for three years.

Another member of the local church, John Hammond, was appointed to the Buckner Benevolence Board at the annual session.

Hunters Find Birds Too High

Two Amarillo men discovered here Sunday that the price of meat is becoming more and more expensive.

The pair, who were arrested by Game Warden Stanley McDonough Sunday evening in north Randall County, were charged with having a duck and pheasant in their possession. Hunting season on the game fowl has not yet opened this year.

Randall County Justice of the Peace W. A. (Bill) Wilson fined the two men a total of \$428—or \$107 per bird. One of the men said he would never hunt again.

Toy Bowl For Three County Teams

Three Randall County Kids Incorporated teams have been named to play in the annual Toy Bowl games in Amarillo.

The Canyon Falcons will play in the major division for ages 10 through 12, while Gene Howe's Falcons and Buffalo Calves will play in the minor division for ages nine and ten.

Each Kids Inc. team is graded on sportsmanship by its league members, with the first two teams each going to one of 16 Toy Bowl games. The Toy Bowl is the only post season games authorized by Kids Inc. officials.

Canyon is one of only two teams in the organization of approximately 80 teams to win both their league championship and league sportsmanship award. Their opponent is the other team to accomplish both, Amarillo Coronado. Both teams (See BOWL Page 3)

Prexy To Preside At ASCU Meeting

Dr. James P. Cornette, president of West Texas State University, will preside at the annual meeting of the Association of State Colleges and Universities in Columbus, Ohio, Nov. 13-15.

Dr. Cornette is currently president of the association, composed of more than 200 member institutions throughout the nation. He will also preside over one of two joint sessions scheduled with the National Association of State Universities and Land-Grant Colleges, a 100-member association composed of some of the nation's largest institutions.

A planning conference on the International Education Act will open sessions Nov. 13 of the Association of State Colleges and Universities, Dr. Cornette said. He will present his presidential statement at the Nov. 14 general meeting.

Dr. Cornette will preside at the association's dinner meeting Monday night, and will have as his guest Dr. Jack K. Williams, commissioner, Coordinating Board, Texas College and University System.

Dr. Williams will participate in a program Nov. 15 considering issues in statewide planning and coordination of higher education. Other speakers will include Robert O. Berdahl, director, Study of Statewide Systems of Higher Education, American Council on Education; and Dr. Samuel B. Gould, Chancellor, State University of New York.

Planning Grant Approval Delay

BY WAYNE BOARD
It may be some time before a Planning Grant for Canyon is approved by the Department of Housing and Urban Development in Washington, D. C., City Commissioners were told late last week.

In a letter to City Manager Paul Davis, David Cochran stated that Canyon will not be among the first municipalities on HUD's waiting list to receive federal funds for the project that was earlier projected to cost more than \$20,000.

Cochran, with the Texas State Department of Health in Austin, said HUD has not received its appropriations for the fiscal year 1968. According to the federal assistance grant program, cities with a population of less than 50,000 must first submit requests to a state agency.

Canyon's request, that would include plans for topographic mapping, technical supervision and audit, administrative costs and changes in rezoning ordinances, was submitted to the Texas State Department of

Health in October, 1966.

Under the federal planning assistance program, Canyon is considered a Federally Impacted Area due to the closing of Amarillo Air Force Base which will cause a decline in the labor market. Total cost paid by the federal government for Canyon's local program would be about \$15,000.

In January of this year, commissioners were told that the (See GRANT Page 3)

4-H Awards Set Saturday

An annual awards program for Randall County youth in 4-H Clubs is scheduled Saturday evening at 7 o'clock in the Rex Reeves Elementary School Cafeteria.

The meeting is slated to recognize those boys and girls who have made major accomplishments in 4-H work during 1967, according to Randall County Agent John Brazzil.

Dr. Charles Smallwood, West Texas State University agriculture professor and department head, will address the group. Brazzil and Mrs. Sydney Hall, home demonstration agent, will present awards to about 50 4-H Club members.

Top honors to be presented are the Gold Star Awards to the most outstanding 4-H boy and girl in Randall County.

Zone Hearing Set Monday

The City Zoning Commission will conduct a public hearing Monday at 4:30 p.m. to consider a request that about 30 acres in Hunsley Hills be changed from dwelling to commercial classification. The hearing will be held in the City Hall Annex.

Arch Hunsley, Canyon developer, has requested that the property between 11th and 15th Streets along US Highway 60 be rezoned to allow him to construct multi-family dwellings.

If the Zoning Commission sanctions the rezoning, City Commissioners must then consider the matter.

Letters informing property owners within 300 feet of the area were mailed last week.

Girlstown Auction Set

Christmas auction for Girlstown USA will be held Saturday, Dec. 2, under the sponsorship of the Canyon Jaycees.

Jaycees are currently accepting donations for the auction, according to Delbert Turk, president. "We can use anything of value."

Donation collections should be listed with the Jaycees by calling OL5-2131, OL5-4200, or OL5-3984. Jaycees will make arrangements with donors to pick up the merchandise before the auction.

The auction will be held in the Junior Livestock Building with Meade Michael serving as auctioneer. All proceeds will be earmarked as "Christmas for Girlstown".

Bee Director Named Here

Mrs. Genelle Bourland of Canyon is the 1968 Spelling Bee Director for Randall County. The Bee will be held here sometime before April 1 and the local champion will compete in Amarillo April 27.

Last year, Henry Raemakers, son of Mr. and Mrs. Vincent Raemakers was the Randall county champion. Young Raemakers was an eighth grader in the Umbarger School.

The 1968 Golden Spread Bee will be co-sponsored by West

Texas State University and the Amarillo Globe-News. L. J. Edmondson, WTSU, director of public services, will be Bee Director for the Golden Spread competition.

In addition to the regular bee, there will be the Junior Spelling Bee, which is open to contestants from the 6th and lower grades.

Randall County Junior champion for 1967 was Cattie Wall, daughter of Mr. and Mrs. Easton Wall. She was a 6th grader in the Rex Reeves Elementary School and now lives in Vega where her father is school superintendent.

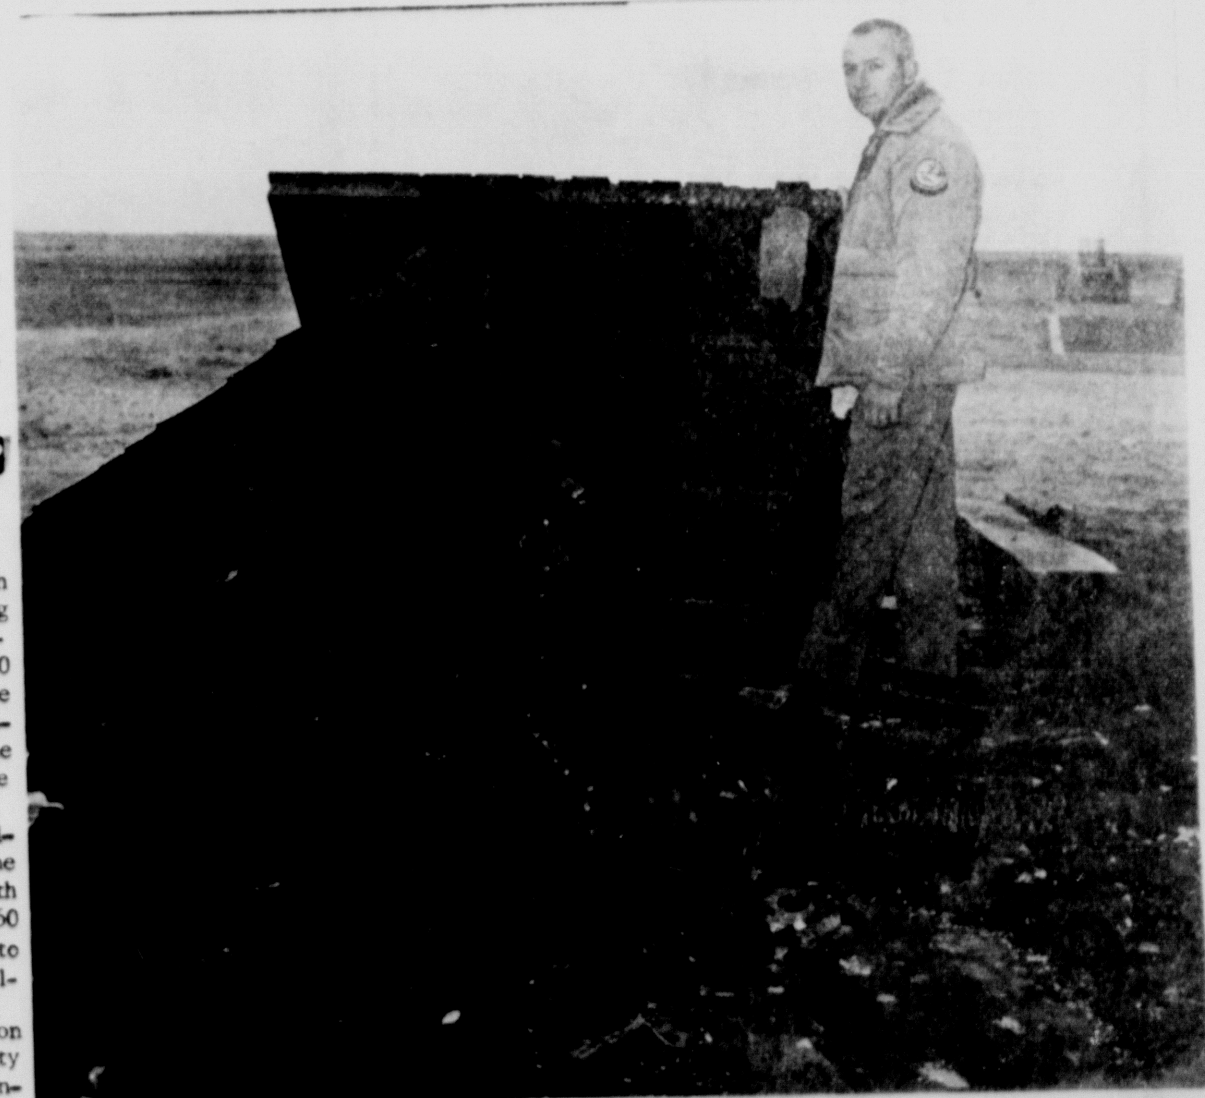

First place winner in the Golden Spread Bee will go to Washington, D. C., during the first week in June 1968 to participate in the 39th annual National Spelling Bee.

The 1968 Golden Spread Bee is the 20th sponsored by the Globe-News Publishing Company of Amarillo.

FROM THE
CANYON RIM

I am opposed to the legalizing of parimutuel wagering in the state of Texas.

Legalized race track wagering preys upon the poor. People down on their luck think they can catch up by making a killing at the tracks. These people, almost invariably, wind up in worse shape than that in which they started.

Parimutuel wagering takes the bread out of the mouths of babies and the clothes off the backs of children.

Legalized gambling also is bad for business. Business does not thrive on race track betting. Money which would have been spent with businesses for necessities of life is siphoned off by the race track. Surveys show that business suffers from parimutuel wagering is legalized.

Odds always favor the establishment. There is no way the public can win at the parimutuel window. Anything that turns its back to the wall and its face to the world can't be beaten whether it's a slot machine or a parimutuel window.

Race track gambling is an open invitation to organized crime. It puts the reins of government into the hands of big time gamblers.

Look at Nevada where the bulk of the state revenues come from legalized gambling. I could never be convinced that the state government is not influenced by this fact.

J. M. "Red" Simpson is going to run for reelection to the state legislature.

Red had said he would not be a candidate.

This brought what almost amounted to a public announcement from Marion Bruce, Randall County Democratic chairman. Now Democrats are confused. A race between Simpson and Bruce may be shaping up. You could hardly blame Marion for running against Simpson, under the circumstances.

Politics are beginning to shape up for the 1968 campaign.

I've already heard talk of a Reagan for President Club in the offing for Randall County. There probably will be more on this later.

I think Reagan probably will be the standard bearer for the GOP. Everything points to that now. Richard Nixon is a loser and will be nominated by Republicans only as a last resort.

George Romney virtually killed his chances during the Detroit riots and with his now famous statement that he was "brainwashed" on Vietnam.

Reagan projects well on television. This is a definite asset in modern politicking.

I was disappointed in the UPI story on the death of John Nance Garner.

The lead of the story tried

to identify him by saying he was a salty Texan and former vice president of the United States. Anyone who knows anything about John Nance Garner knows he was vice president twice under Franklin D. Roosevelt. They also would be aware that he was a Texan.

And as Garner himself would have put it, anyone with one eye and half sense would know that Cactus Jack was a salty cuss.

Garner earned the right to a lead on his obituary reading: "John Nance Garner is dead."

Further identification is superfluous.

Garner's granddaughter, Mrs. John Currie, is a Randall County resident. She lives at Lake Reservoir, formerly Lake Stockton.

Tax Assessor Bill Money was visiting with the former vice president a while back.

Bill noticed a huge picture of Lyndon Johnson on the wall in Garner's small quarters. "Do you know him?" Money asked. "Know him, hell!" Garner exploded. "I raised him!"

Scouts
Top Goal

"We topped our goal by \$200," said Bob Jones, district scout executive from Hereford, as the annual fund raising campaign for the Randall District of the Llano Estacado Council of the Boy Scouts of America drew to a close last week.

Goal for the finance campaign was set at \$3,177.75, according to Gene McGlas-son, campaign chairman.

"Funds contributed here will remain in the local treasury for the support of Canyon's work in scouting," said Jones. "We are glad to find that residents are willing to give toward the future of many young men in the work of scouting."

McClure
Injured

Boone McClure, director of Panhandle Plains Museum, was injured Monday when he was struck by shattered glass from a museum skylight he was adjusting.

McClure was adjusting the skylight by pushing it with a rolled up piece of cardboard, when the glass suddenly shattered.

A three-inch piece of glass imbedded in the museum director's abdomen. McClure underwent an operation for removal of the sliver. He was hospitalized early this week and hospital attendants described his condition as good.

J. EVETTS HALEY, Canyon County Republican chairman, is shown here with Mrs. Frances Fatheree, left, Pampa, state committee woman. With them is Mrs. Elizabeth Paxton. They were among those who attended a Republican planning session in Amarillo for a fund raising dinner to be held Nov. 17. The dinner will honor Congressman Bob Price. Congressman Gerald R. Ford of Michigan, House Republican leader, will be featured speaker at the dinner which will be held at the Holiday Inn West in Amarillo.

Letter To The Editor

November 5, 1967

Troy Martin, Editor
The Canyon News
Canyon, Texas

Troy,

Today is Mom's birthday.

She is 85. She is grateful to you, and I want you to know that I am grateful as are the other children, for the fact that you have sent her the Canyon News all these years. She reads it avidly and is right in there rooting for Canyon.

Vincent is a colonel in Saigon. He won't say much, but Mom knows full well that he is winning the war for us. Lindy is in Bombay where she teaches and her husband, Ed, is Boeing's expert there.

Americans are a war-like people. Our history has been characterized by violence in the Colonies, on the Frontier and later in the World. Our national anthem is a battle song. Our flag has the red of valor, the blue of fidelity and the white of purity. Over and over other national leaders have underestimated our war-like nature.

As we have matured as a nation we have learned the futility of war and violence, and the American people are beginning to abhor both. True, we love violent sports, and our TV programs are saturated with violence. But here--most of the time--the "good" guys survive with minor injuries.

Now we are living in a world in which war can no longer be tolerated as a method of resolving international disputes. This is not a perfect world, and there is still a time when an individual or a nation must fight. Israel demonstrated that for us recently. But the technology of warfare has developed to the degree of destructiveness that unlimited war can no longer be tolerated lest the world be made uninhabitable for man.

The world is growing smaller because of advances in travel, commerce and communication. It will be necessary in the future to submit international disputes to arbitration under international law. We must avoid threatening war. "Don't stoop to the your shoes in your neighbor's melon patch!" We must reserve war as the last resort in international disputes.

The meeting will be held at 4:30 p.m. in the Senate chambers in the Student Union Building.

To be discussed at the meeting will be student complaints and relationships between the university and the merchants. Jim Killingsworth is president of the merchant group.

Kind personal regards,
Bill Lockhart, MD

Stevens Asks
Reinstatement

Roy Joe Stevens, former Randall County judge, has filed a petition in Dallas court asking that his law license be reinstated.

Stevens was barred from practice in January of 1961.

News media quotes records in the 68th District Court in Dallas as indicating that Stevens, who was disbarred by the Texas Bar Association on 15 counts of misconduct, had been granted a hearing, set before a Dallas district judge for Dec. 14.

Disbarment came after a trial in Tyler's 7th District Court.

An attorney who has been disbarred may ask for reinstatement within five years of disbarment.

The grievance committee of the county of Stevens' residence has the right to cross-examine. Stevens is now living in Dallas where he is reported to be managing a chain of service stations.

Registration of bikes will require "workable brakes and reflectors" on each bicycle. Plans are also being made to inspect each bike and affix bike license by the Canyon Kiwanis Club.

The bike safety program is designed to operate year-round. Bike registration and records will be on file with the Randall County Sheriff's Department, which has offered full cooperation on the project, according to Ray Tinsley, deputy sheriff. The Canyon Police Department will also cooperate, according to Canyon Police Chief L. D. Caldwell.

A "student court" will be set up in the school to encourage and promote safe handling of bicycles. The court will discuss bicycle safety violations, but will not mete out punishment to violators.

Plans are also being made to sponsor an "art and essay" contest promoting bicycle safety among youths. The contest would be sponsored by the Parent-Teacher Association.

Clifford Is Freed

William Bond Clifford, 34 years old, Canyon farmer and auctioneer, is free after serving 13 months in the state penitentiary for the murder of his wife, Carol Shirley.

Mrs. Clifford was killed at her Canyon apartment in April of last year as three small Clifford children looked on. Another Clifford child was not at home at the time of the shooting.

Clifford drew two years after being found guilty in the slaying. He was freed from the Texas Penitentiary at Huntsville Oct. 18.

An appeal of a 12-year sentence given Clifford in the shooting of a Hereford feedlot worker is pending with the Texas Court of Criminal Appeals. He is free on \$10,000 bond in the case on appeal.

Clifford was convicted in the 69th District Court at Hereford in connection with the shooting of Billy Joe Stevens. Stevens was shot a few minutes after Mrs. Clifford had been slain.

On a change of venue, Clifford was tried in Denton for the shooting death of his wife. He drew a two-year sentence. He told a jury there that his wife and Stevens were having an affair and that he blacked out before shooting her four times.

Frank Baughman and Harold Oshner are representing Clifford in the appeals case.

Gene Howe is the only school in the Kids Inc. program to place two teams in the Toy Bowl. Both Gene Howe teams play Friday at the Maverick Club, with the 10-year-old Falcons playing at 6:30 p.m. and the nine-year-old Buffalo Calves at 7:45 p.m.

Each spectator, player, and coach is expected to donate a new toy at the gate to gain admission. The donations, collected by the Marine Corps Reserve and the Amarillo Fire Department, will go to the Toys for Tots Christmas drive.

Each player on participating teams will receive a Toy Bowl shoulder patch prior to the games.

Grant . . .

(Continued from Page 1)
grant request had been approved by the health department and was being forwarded to HUD's Fort Worth office, but in February, Cochran said it might be July of this year before any money was forthcoming from the federal government.

"Many of the 45 applications presently in HUD from this state," Cochran said in an Oct. 31 letter to Davis, "were submitted 18 to 24 months ago. Some of these are likely to be financed very soon."

Cochran said he was unable to estimate how much Texas might receive from the federal program, but that he understood Congress was to act upon the matter "very soon."

"I am unable to give you any exact figures or time, but, we do hope," Cochran concluded, "that the City of Canyon grant will be allocated during this fiscal year."

"If we don't get the federal help," Mayor Paul Lindsey declared Friday, "we will have to do it on our own. I don't think we can wait two more years."

Last April, commissioners agreed to pay Marvin Springer of Dallas, urban planning consultant, for some of the services outlined in the grant request, even if no funds from the federal government were approved. Springer submitted the original grant request last October to HUD.

Springer, who said he would "patch" Canyon's present zoning ordinances to meet present and future needs, estimated costs for the zoning changes to be an additional \$3,500. The urban planning consultant said he would attempt to incorporate the zoning change costs in with the grant request.

"I feel he (Springer) should give us the portion we're interested in," commented Mayor Pro-tem H. R. Fulton, Jr.

In other commission business, a bid of \$2,536 was accepted from Stevenson Pontiac here for the purchase of a 1967 Buick Wildcat to be used by the Canyon Fire Department. The price, to include a \$500 trade-in on a 1963 station wagon, is \$83 higher than the lowest bid, also submitted by Stevenson's. There was one other bidder.

Davis said the amount to be paid for the vehicle was \$583 above that estimated in the 1967 budget.

Court Has Routine Business

Only routine business was conducted Monday afternoon at a regular meeting of Randall County commissioners court. Bid of the Clegg Company of San Antonio was accepted for four volumes of indices for the county clerk's office. Clegg's bid was \$456. Three other bids of \$556 each were submitted.

Acceptance of a bid on a crawler loader for Precinct 4 was delayed until next Monday. Two bids were submitted. The court set opening times for polls in next Saturday's state constitutional amendment election. Polls in Amarillo will open at 7 o'clock in the morning and polls elsewhere in the county will open at 8 o'clock. Polls all over the county will close at 7 o'clock Saturday evening.

Bonds were approved for County Judge Pat Mulloy. Commissioner Clarence Beckman, who underwent an operation last week, was not present for the meeting. He is reported to be in good condition and convalescing at his home at Umbarger.

Eighth Grade Sews

EIGHTH GRADE home economics students Claudia Hodges, seated at the sewing machine, Kathy Savenko, center and Rhonda Bible are among those making "scrimmage vests" for physical education classes of C. L. Weaver

at Rex Reeves Elementary School. Mrs. Pat Sullivan, home economics instructor, said that the vests are used for team identification in the elementary classes.

Fire Destroys Lake Building

Fire of undetermined origin destroyed the headquarters-maintenance building at Buffalo Lake Wildlife Refuge early last Thursday morning.

The fire, that was reported at 1:15 a.m. by a woman who lives near the refuge area, destroyed the wall paneling and ceiling of the headquarters building, Manager Gordon Hansen said. The structure itself was made of concrete blocks, but the building had a wooden roof.

Although no official estimate of damages was available from the Bureau of Sport Fisheries and Wildlife in Albuquerque, N. M., Hansen said the loss would be in "in excess of \$40,000".

The 24 x 60' combination building and shop was a "blazing inferno", Hansen said, when he reached the site. The manager lives about 100 feet south of the headquarters building.

Hansen said he had worked at the headquarters, which is located about three miles south of Umbarger, until about 11:30 p.m. Wednesday and everything at that time seemed in order. Five units and 30 men from the Canyon Fire Department could do little more than save some records and office equip-

ment, Capt. Joe Rice said, because the building was almost destroyed when volunteers arrived. Also aiding the fire-fighting was one unit and about a dozen men from the Umbarger Fire Department.

The building, Hansen related, was remodeled just this spring and the area had been landscaped and driveways and sidewalks installed. The structure was built in 1961.

Hansen said the shop was to be remodeled at a later date and converted into office space for wildlife personnel.

Hansen and his office staff are using an old fishing lodge near the headquarters site until other facilities can be made available.

"The fire caused an indefinite postponement for the winter recreation program," said Hansen. "A number of glass enclosed display cases which were almost ready to be installed on the west side of the lake were completely destroyed along with several blinds to be used for camera fans and decoy buffs."

"This will set back our lake improvement program by at least a year," Hansen concluded.

Scot Guard Visits Canyon Area

Six representatives from the Welch and Scots Guards toured the Pioneer Amphitheatre in Palo Duro Canyon State Park earlier this week.

The pipers and drummers, only six of 143 men on a two-month tour of the United States, perform at most official func-

tions in Great Britain. They completed a performance in Denver, Colo. Sunday evening and had stopped Monday in Amarillo.

Brian Vermillion, executive secretary for Amarillo's Greater Highway Association, called Margaret Harper, public relations director for the Panhandle Heritage Foundation, to inform her the men wanted additional information concerning the "TEXAS" production. "TEXAS" is sponsored by the foundation.

After visiting with the men in Amarillo, Mrs. Harper and Bonnie Whittington, foundation office manager, invited the men on a tour of Amarillo and the canyon.

Following the tour, the men viewed a rehearsal of "La Boe-heme", production slated this week at West Texas State University.

The group especially noted the techniques used by the pro-

duction's director, W. A. Moore. He is also director for "TEXAS".

Eagles Bow To Rangers

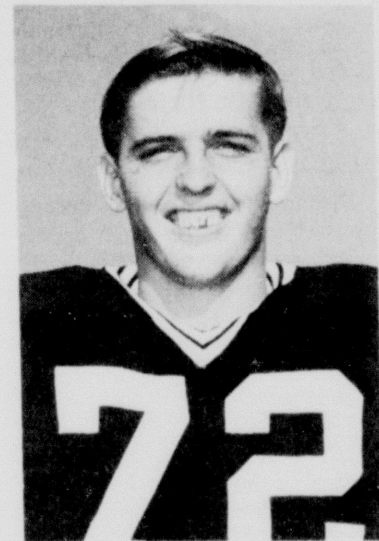

The Perryton Rangers scored the first four times they had the ball and cruised to a 35-0 win over the Canyon Eagles in Perryton Friday night.

Led by the passing of quarterback Mike Hargrove, who fired seven completions in 14 attempts for 203 yards, the Rangers ran up a 21-0 first period lead and scored again early in the second quarter, adding another score in the third quarter. Fullback Phil Swartzell led the Eagle ground game with 49 yards. The Eagle rushing total was 79 yards, while they failed to complete a pass, and picked up seven first downs.

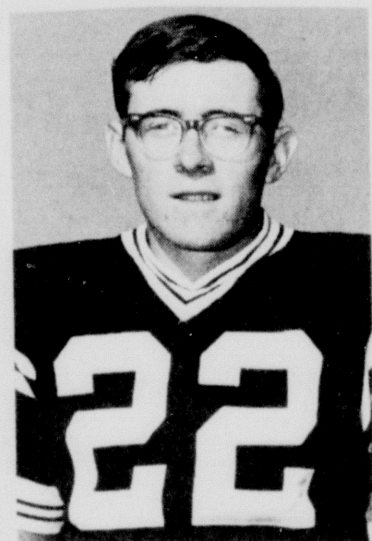

Perryton completely dominated the first half, holding Canyon to only six net yards while running up a 28-0 lead. Rick Graham scored for the Rangers on a five-yard run, Dick McWhorter tallied from 30 yards out, Graham scored from the three, and Larry Roberts scored on a three-yard scoop. Hargrove threw a three-yard scoring pass to John Nichols in the third quarter for the Rangers' final score, and Hargrove converted perfectly after every touchdown.

Ronnie Russell, Eagle tackle, was named Canyon's player of the week. Russell was credited

ed by Canyon Coach Jim Greenwood for playing well defensively, particularly in the second half. "He whipped his opponent consistently in the second half, and wasn't blocked out," said Greenwood.

Falcons Win 30-0

The Canyon Falcons' defense turned in its fourth shutout in six games and Canyon rolled to a 30-0 non-league Kids Incorporated win over Forest Hill in Amarillo Sunday.

On Canyon's first play from scrimmage tailback Kevin Robins darted 35 yards for a touchdown. The conversion run by Gary Bednorz was good, and the 8-0 score stood up until the third quarter.

Ed Lair's 65-yard return of the second half kickoff sparked the Falcons to a 22-point third period that wrapped up the game.

Lair scored on a 30-yard quarterback sneak and Robins slammed in from the four, while extra point runs by fullback Maurice Whittenberg and Robins brought the total to 30 points.

Linebacker Jody Moore spearheaded a fierce Canyon defense that gave up only six first downs and did not let Forest Hill inside the Falcon 35. Moore was in on 10 tackles. Linebackers Bednorz and Robins each intercepted passes and Robins recovered a fumble. Whittenberg and Larry Pate shone in the defensive line.

Robins rushed for 96 yards and averaged 16.0 yards a carry. Lair had 7.2 for 43 and Whittenberg carried at a 5.7 rate.

Mark Byars provided outstanding receiving, while outstanding offensive linemen were Andy Cooper, Steve Hatch, Doug Day, Pate, and Moore.

Lair was named to the weekly Sportsmanship Award, while Moore received the Mad Falcon Award.

Clinch Tie In Junior High Loop

Canyon Junior High's Eighth Grade clinched a tie for the High Plains Junior High Conference championship in the Eighth Grade division with a 30-0 whipping of Friona Tuesday evening in Friona.

The Eagles are tied with Hereford Stanton with identical 3-1-1 conference records. The teams battled to a 14-14 tie earlier in the season. It had not been determined at press time whether the teams would be declared co-champions or a playoff would be arranged.

Linebacker Rick Hartline put Canyon ahead when he dashed 40 yards for a touchdown with a blocked punt. Mike Podzemny, Clifford Prichard, and Van James applied great pressure on a Friona punt and deflected it right into Hartline's arms, who broke a tackle and ran for the score. A run by halfback Ricky Edmondson added two points.

A 19-yard run by Clifford Prichard, a 25-yard run by Edmondson, and a 33-yard run by Donnie Minier all scored for Canyon, while extra points came on a pass from John Hoover to Edmondson and a run by Clifford Prichard.

Canyon Clubs Present Funds

Two Canyon service organizations have given checks of \$25 to help defray expenses of area students who plan to attend a Future Teachers of America state convention later this year in Austin.

Presenting a check from the Canyon Rotary Club at a District IX convention at West Texas State University Tuesday was Tom Black. George Dowlen gave a check from the Canyon Lions Club. The expense money will help send Mr. and Miss FTA to the state meet.

A total of 34 students from Canyon High School participated in the meeting along with some 800 FTA members from throughout the area.

Sponsors for the CHS FTA chapter are Mrs. Bessie Ellis and Mrs. Gay Dale.

The local chapter conducted a workshop on "programs" during the clinic sessions of the FTA meeting.

Mules Visit Friday Nite

The Canyon Eagles host the Muleshoe Mules at 7:30 p.m. in Buffalo Bowl Friday night in a battle that will separate the two teams that are currently tied for fifth place in District I-AAA.

The only thing at stake is that the winner will escape last place in the district race, but that should be incentive enough to provide an exciting wide-open game.

Muleshoe is 2-6 for the year, with 0-3 district record that is identical to the Eagles' district mark. Canyon is 1-7 for the season.

Canyon Coach Jim Greenwood sees the Mules as a big team with a lot of potential. Shifty halfback Bobby Julian, a hard runner, and fullback Charles Beamson lead the Muleshoe backfield. The mules operate primarily from a split T. Definitely Muleshoe's basic alignment is a split six with variations.

Greenwood has expressed satisfaction with the development of his sophomores. "They have put forth their maximum ability," he stated. He had particular praise for soph center Chris Hull and senior end Tony Gibson, whose desire and improvement have been "tremendously rewarding." Greenwood also had compliments for tackle Tommy Tucker, who has "been playing despite injuries, and we're proud of him for that."

Haterius Stretches Pass Lead

West Texas State safety Steve Haterius has stretched his national lead in pass interceptions, according to statistics released this week by the National Collegiate Athletic Bureau. Haterius' 11 interceptions are four ahead of several players who are tied for second place with seven steals.

Quail Season Opens Nov. 11

Quail season in Randall County will open Saturday and continue through Jan. 31, according to Stanley McDonough, game warden here.

Hunters may shoot 12 quail per day and have 36 in their possession.

Hunting licenses are available from the Randall County Clerk's office, Texas Fish and Game Commission headquarters at 3806 Bowie in Amarillo, or from Western Auto here.

Ninth Grade In Tie With Dimmitt Team

Canyon Junior High's Ninth Grade scored early and held on to settle for a 6-6 tie with Dimmitt there Thursday.

Canyon trailed early in the second period when hard-running Robert Bull bolted 20 yards on a trap play up the middle. A two-point conversion failed.

Dimmitt scored just before the half on a 10-yard option quarterback keeper, but their conversion attempt also failed.

There was no scoring in the second half, although Canyon moved to the Bobcat 15 in the closing minutes.

Offensive players for the Eagles commended by Coach B. B. Kendrick were Bull, quarterback David Carter, guards Darrell Breitling and Harvey Risner, tackle David Smith, and ends Ronnie Minier and David Low.

Outstanding defensive players were linebackers Smith, Breitling, and Kick Hales, ends Minier and Randy Stark, guard James Boyce, and halfbacks Frank Belcher and Carter.

As a team, the Buffs are sixth in total offense and eighth in rushing.

Halfback Eugene Morris slipped from third to fourth in individual rushing, as he was passed by East Carolina's Butch Colson, a back the Buffs will face this week in Greenville, N.C. Quarterback Roy Winters is fourth in total offense and 16th in forward passing. Halfback

Cowboys Win 34-24

The Happy Cowboys stayed in the thick of the District I-B race by winning a see-saw thriller from the Lazbuddie Longhorns 30-24 Friday night in Lazbuddie.

Zeke Frost sparked the Happy attack with four touchdowns, three of which were followed by conversion runs by Jesse Ramos.

Happy jumped to a 16-0 lead before the game was four minutes old, only to be overtaken 18-16 by halftime. Lazbuddie stretched its lead to 24-16 in the third quarter, before Frost scampered in for two more touchdowns.

With the Cowboys trailing 24-22 and only 3:10 left in the game, Frost bolted over right tackle, cut back across field, shook his way out of the grips of eight Longhorns and scored from 45 yards out to give Happy the win.

Linebacker Jackie Schiller was a standout on defense with 26 tackles. Frost led the ground game with 157 yards on 17 carries.

Happy now stands 2-1 in district, trailing 3-0 Vega by one game. The two teams meet in their final game of the year. The Cowboys are 4-4 for the season.

Nazareth invades Happy Friday at 7:30 p.m. Nazareth is 6-2-1 for the year and 1-1-1 in district.

Curley Watters is seventh in kickoff returns, Tommy Fambrough is 17th in kick-scoring, and injured fullback Duane Thomas, who is out for the year with an injury, is 18th in rushing.

Seventh Grade Winners 8 To 0

Fullback Neil Currie swept left end for an eight-yard touchdown with 40 seconds left in the game and gave Canyon's Seventh Grade an 8-0 win over Friona Tuesday evening there.

Matt Hanson's dive over the left side of the line picked up two points on the conversion. Currie's score climaxed a 70-yard drive that was consistently kept alive by key fourth down plays by Currie and Hanson.

"Everyone did a fairly consistent job, so that no one player or players particularly stood out," revealed Coach Wayne Phenister. "However, on defense, end Allen Beghtel did a fine job and fired a players up, and tackle Dave Hernandez played his best game."

The win gives Canyon a 4-1 record in High Plains Junior High Conference play, and assures the Eagles of at least second place. Depending on the outcome of other conference games this week, Canyon could place higher.

Bouquet Given WT Athletes

A bouquet of maroon and white flowers to the WTSU Buffaloes and coach Joe Kerbel.

It has been general opinion in years past that all college football players are bawdy, belligerent, rowdy rakes bent on the destruction of everything in their paths. But here's a new twist.

On a recent trip the Buff team stopped over in Alamogordo, N. M., at a reasonably plush hotel, and this week a letter arrived from that hotel concerning the actions of our athletic representatives:

"...We wish to advise you that the West Texas State University football team is, without exception, the best-behaved school group that we have had the pleasure to accommodate since we started business."

The correspondence continued with verbal bouquets, including a statement to the effect that coach Joe Kerbel, athletic director Frank Kimbrough, and the coaching staff should be complimented for the

fine job they are doing with the men on the squad.

"The boys," the letter continued, "are to be complimented individually and collectively for conducting themselves as gentlemen with integrity during their stay here."

But that's not all! Attached to the letter was a check amounting to \$50 written to the West Texas State University Athletic Fund. A fine icing for the cake the team whipped up while in New Mexico.

Williamson Is Promoted

Cadet Rusty Williamson of Canyon has been promoted to corporal in the Reserve Officers Training Corps unit at Missouri Military Academy, Mexico.

Capt. Charles W. Vines, commandant of cadets, announced that the stripes were awarded Williamson for his academic, military, athletic, and leadership progress in the M. M. A. corps of 325 cadets.

He is the son of Mr. and Mrs. William E. Williamson, 2504 - 8th Avenue.

Round Robin Services Here

Grace Baptist Church of Canyon will participate in a "round robin mission conference" next week.

The round robin of services will include missionary speakers from the Philippines, Korea and other mission points, according to Rev. Jerry Mercer.

Services are slated at 7:15 p.m. Wednesday through Sunday Nov. 19. No service is slated for Saturday evening. The public is invited to all services, according to Rev. Mercer.

Buffaloes Shock Huskies 17-10 In Cold Clash

BY JON LOW
The West Texas State Buffaloes shocked the Northern Illinois Huskies with eight pass interceptions and withstood a 356-yard passing barrage to take a 17-10 victory in frozen DeKalb, Ill., Saturday afternoon.

Steve Haterius led a brilliant Buffalo secondary with three interceptions and drew within two thefts of the NCAA season interception record.

Shifty Eugene Morris scored the winning touchdown 11:13 deep into the third quarter on a five-yard stomp around end. The opportunity came on a Husky punt attempt that saw the snap from center sail over kicker John Terwilliger's head. Terwilliger managed to get the ball, but was dumped for a 30-yard loss one yard before Morris

blasted over from the five, to send the Buffs into a 17-3 lead. NIU rallied on the arm of sophomore passer Bob Carpenter to narrow the Buff lead to 17-10 in the final period, but could not pull the game out for 16,737 cold but loyal homefans.

Carpenter and senior quarterback Mike Griesman combined to cloud the skies with 52 passes, 24 of which were completed, to give the West Texas secondary their stiffest pass defense test of the year. In addition to the three steals by Haterius, Ricky Barrett and Carl Heilman each intercepted a pair, and Jesse Powell swiped one. Powell actually picked off another and returned it for a touchdown, but it was erased by a penalty.

Kicking specialist Donie Pruitt sent the Buffs into a 3-0 lead with 4:20 gone in the first quarter on a 33-yard field goal, but the Huskies tied it up four minutes later on a 25-yard boot by Rick Osbourne.

Morris climaxed a 56-yard drive of 10 plays with a seven-yard scoring run midway through the second period. Key plays in the march were runs of ten and nine by Morris and a 13-yard pass from quarterback Roy Winters to split end Dave Szymakowski.

Tommy Fambrough kicked successfully after both West Texas scores to run his string to 28 of 28 for the year, breaking his school record set last year by two. The talented extra point man has only missed one extra point attempt in his Buff career.

The Northern Illinois touchdown was set up by defensive end Jim Herring, one of the best defensive linemen West Texas has faced this season. Herring, put tremendous pressure on the Buff backfield, and blocked a Haterius punt that was recovered on the WT 38. Six plays later, Bob Bray broke into the end zone from two yards out.

able players on defense were Haterius and Barrett, while the offensive honors were awarded to Szymakowski and center Mike Zoffuto.

Home teams often enjoy an

advantage, but rarely do they have the advantage that Northern Illinois had Saturday. The Huskies' sideline was under a heated shelter, while the Buffs watched the game unprotected

from the freezing wind. The temperature was 31 at the opening kickoff, but fell as the game wore on, while the wind swept in from cold Lake Michigan at 25 miles per hour.

Haterius now has 11 interceptions for the year, the best in the United States in 16 years. The national record in NCAA circles is 13 by Oregon's George Shaw in 1951. The 11 steals are a school season record at West Texas, and bring Haterius' career total to 18, also a school record.

Morris found his favorite sweeps closed against the Huskies, but still ground out 92 yards. He entered the game with 790 yards, third in the nation. Morris needs just 119 yards with two games to go to become the first Buff to crack the 1,000 yard barrier since Charles "Wire" Wright did it in 1950.

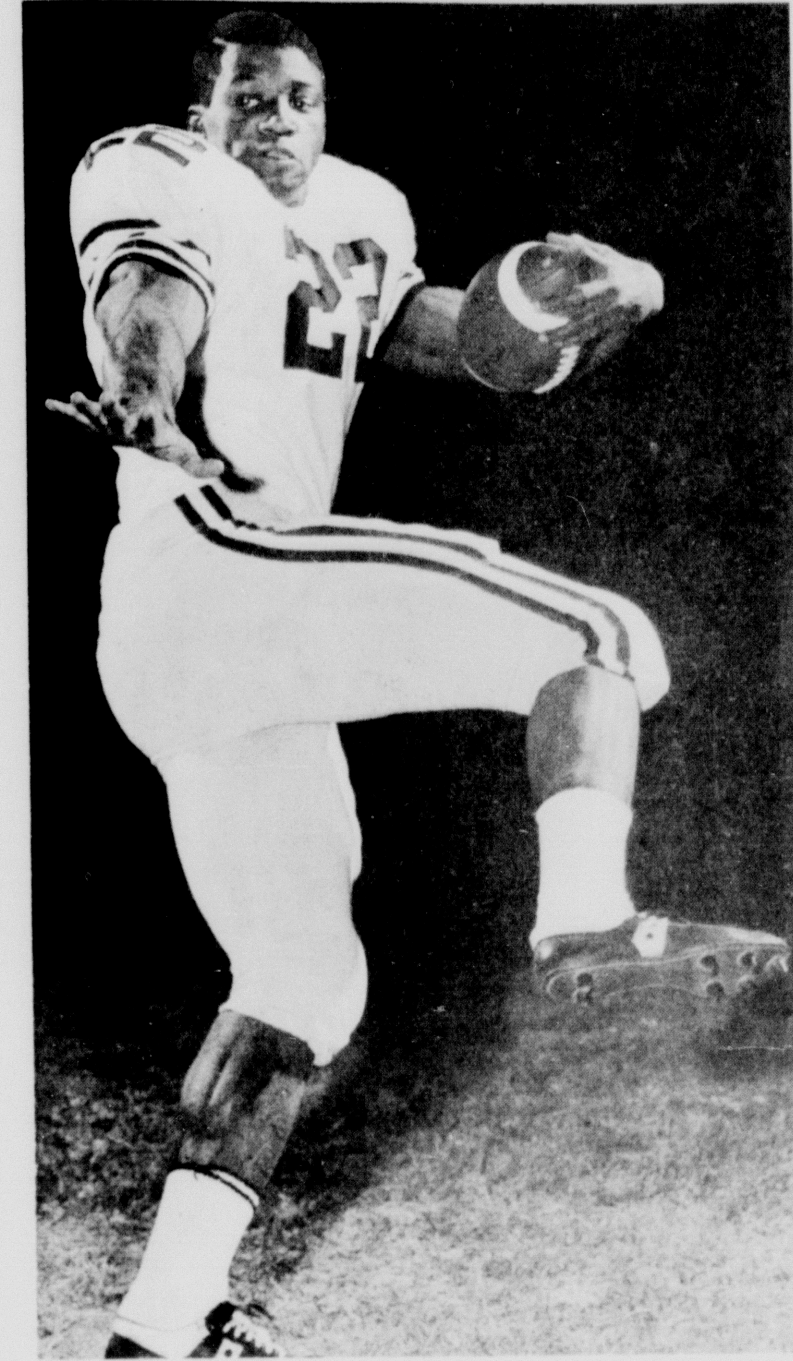

Szymakowski led Buff receivers with five catches for 53 yards.

Winters completed only 11 of 28 passes, but was troubled by unfamiliar wind currents in the gusty NIU stadium.

West Texas lost statistical battles for first downs 20-17, passing yardage 356-104, and total yardage 393-256. The Buffs outran the hosts 152-37.

STEVE HATERIUS -- Buffalo senior safety from Stamford, Tex., leads the nation in pass interceptions with 11. With two games to go, Haterius lacks only two steals to reach the NCAA record of 13, set by George Shaw of Oregon in 1951. Steve holds both the season and career interception records at West Texas State. His 11 thefts this year are the highest total in the nation since 1951.

EUGENE MORRIS--Flashy junior halfback at West Texas State needs only 119 yards to become the first Buffalo back to gain over 1,000 yards since Charles "Wire" Wright turned the trick in 1950 with 1,203 yards. Morris has rushed for 889 yards in eight games this season.

Bufs Visit Pirates In Carolina Saturday

West Texas State University's Buffaloes and the East Carolina College Pirates have a lot in common.

Both teams are powered by steam-rolling ground attacks, both could be classed as defensive opportunists, and both have a penchant for winning football games.

Saturday afternoon, Coach Joe Kerbel's Buffs took advantage of eight interceptions to defeat Northern Illinois' air-minded Huskies 17-10. The victory moved West Texas' record to 6-2 for the season.

Meanwhile, Coach Clarence Stasavich's Pirates were rebounding from a 21-19 homecoming loss to Citadel to outscore Furman 34-29. The victory was the seventh in eight games for the Pirates.

Saturday's victories set the stage for what might stack up as one of the most explosive games of the season for both teams. The game will be played Saturday in Greenville, N. C. Kickoff time is set for 7:30 p.m. (EDT).

West Texas State, powered by the inside-outside running of fullback Albie (00) Owens and all-America halfback candidate

Eugene (Mercury) Morris, ranked fifth nationally in team rushing in last week's NCAA statistics. Individually, Morris ranked third nationally with 790 yards. The 190-pound speedster added 92 yards and scored two touchdowns in the Buffs' victory over Northern Illinois to run his total rushing yardage to 881 for the season.

Morris needs only 119 yards to become the first Buff to crack the 1,000 yard barrier since 1950.

Morris and Owens' counterparts on the East Carolina team are fullback Butch Colson and tailback Neal Hughes. Colson ranked sixth nationally in rushing last week with 740 yards while Hughes placed 14th nationally with 567 artillery yards.

The 190-pound Colson gained 176 yards rushing against Furman to boost his season rushing total to 916 yards. Hughes picked up 72 yards against Furman. He now has rushed for 639 yards.

Both the Buffs and Pirates escaped from Saturday's victories without injuries, and both are expected at full strength barring workout mishaps.

Interceptions were almost cheaper by the dozen in West

Texas State University's 17-10 victory over air-minded Northern Illinois.

The West Texans intercepted eight Husky passes to boost their theft total to 21 for the season, just two short of tying a school season record set in 1962 when such stalwarts as Jerry Logan and Jerry Richardson patrolled the West Texas secondary.

Safety Steve Haterius, who entered Saturday's game ranked first nationally in interceptions, boosted his theft total to 11 by picking off three Husky passes. The senior, pre-med student from Stamford, Texas now holds both the school season and career interception records. His career interception total is now 18.

Pork Program Is Discussed Film Series Has 'Blow-Up'

State Representative Walter Knapp of Amarillo was guest speaker at a meeting of the Pork Chop Club held last week on the West Texas State University campus.

Knapp discussed a newly-proposed write-off program for pork producers. Under the voluntary program, not more than one per cent of the value of the pork at the packing plant would be taken for promotional uses.

About 35 pork producers attended the meeting.

John White, Texas commissioner of agriculture, was scheduled to discuss the topic, but was unable to attend due to transportation difficulties.

A 1966 British film "Blow-Up" will be the next in a series of films selected for showing by the Canyon Community Film Series committee.

The film will be shown at 7 and 9 p.m. November 15-16 in the Olympic Theater on the north side of the courthouse square. Admission will be \$1 per person.

"This film is not recommended for children," said F. M. Blackburn, series president. The film deals with a photographer, the women around him and a plot of murder. Starring in the film are Vanessa Redgrave, David Hemmings and Sarah Miles.

CHI Upsilon chapter of Beta Sigma Phi has gained three new pledges who were installed in rites last Wednesday at the home of membership chairman, Mrs. Speck Benham, left. New pledges are Mrs. Bob Costley, center, Mrs. Calvin Costley, and Mrs. Dick Glasgow, not pictured.

Born at Neblett Memorial Hospital October 27, the infant weighed 6 pounds 15 ounces at birth.

The couple's other children are John Mark and Laurie Ann.

Rev. Whitten is pastor of Southside Baptist Church in Canyon.

Paternal grandparents of the infant are Mr. and Mrs. J. T. Whitten of Lubbock. The maternal grandparents are deceased.

DIABETICS ENDANGERED BY FOOT PROBLEMS

Infected corns, callouses, problem ingrown toenails, thickened toenails with ulcers at shoe pressure points, fungus and bacterial infections are the most common foot problems associated with diabetes.

To help overcome the lesser healing powers of most diabetics, strict cleanliness is a must. Strong antiseptics, and the usual patent corn and callous remedies should be used only with the approval of a physician or podiatrist. Ulcers and infections require immediate attention by a physician. We can cooperate with your physician and podiatrist by supplying any product they may prescribe or suggest.

The silent ride of quality for '68

Now there are more good reasons than ever why people should prefer Impala. Like all regular Chevrolets, it's even further ahead for '68!

A more hushed ride
Among other things, we refined and improved everything about the ride to make it surprisingly smooth and silent. Just try it and see. You'll find that our

engineers used electronic computers to pinpoint places where noises might develop, and installed a special network of rubber cushions to keep squeaks and rattles from disturbing your comfort.

We doubt that you've ever driven a car that moves so noiselessly.

The look you like best

People have always preferred Impala's looks. So for 1968 we made it even more beautiful. We gave the grille a more massive and masculine look. We gave the hood sweeping new lines and tucked the wipers neatly out of sight. We designed the taillights right into the rear bumper for a look you're sure to like.

We owe you the best

We figure we owe people more than other car makers do. Because it was people who put us in first place in the first place, and who keep us there year after year. We appreciate it.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

Harry Lisle Playing Defense Safety

SEARCY, Ark.--Taking a hint from the AIC coaches' selections of last year's All-AIC defensive unit, Harding coach John Prock went all the way and moved halfback Harry Lisle to defensive safety. He's proved to be barely short of sensational.

In 1966 as an offensive back whose only defensive service was on punt returns, Lisle responded with 374 yards on 26 returns and led the AIC in kickoff returns with 346 yards on 12 returns.

The 21-year-old senior got off to a slow start this year as wary opponents were careful not to send their punts to his side of the field. After six games he could show 227 yards on eight kickoff returns, but only 36 yards on seven punt returns.

Last week, however, the Millsaps Majors made the mistake of punting in Harry's direction and he rambled for 159 yards on three returns, one a 71 yarder on which he was finally rushed out of bounds on the Millsaps four. His kickoff return led-

ger was upped 264 yards on 10 returns.

"Harry's a definite threat to go all the way anytime he has a little room," Prock said, "He has real good speed, good moves and a good change of pace. He'll show you something if he gets 'daylight'."

A native of Canyon, Lisle transferred to Harding after a year at West Texas State University on a basketball scholarship. Due to the transfer, he was redshirted during his sophomore year and last year, as a junior, was his first as an actual competitor.

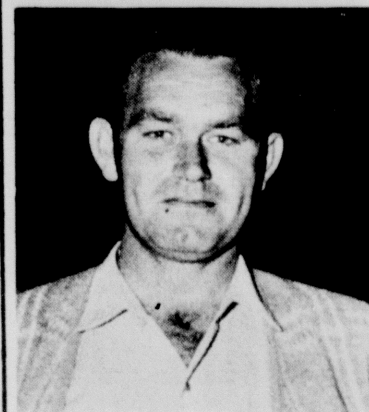

Although only 5-9, the 165 pounder was an outstanding basketball player at Canyon High School, and was selected to the All-Region and All-State Tournament teams his senior year as well as being an All-District football choice for 3 consecutive years.

"It's kinda funny," Harry grinned, "I found out being a 5-9 basketball player in high school is different from being 5-9 in college."

he plans to coach and teach after graduation next May.

Where does he plan to coach, with a certain emphasis, he replied, "Texas!" Would you believe it?

Lisle is the son of Mr. and Mrs. Hampton Lisle, 205 12th Street, Canyon.

'Cycle Headgear Required

Only certain types of protective headgear for motorcycle operators and passengers are approved by the Texas Department of Public Safety, according to Canyon Police Chief L. D. Caldwell.

Anyone in doubt as to the types approved under the law that becomes effective Jan. 1, 1968 should contact local law enforcement officers. There are only 11 companies in the US that manufacture approved motorcycle headgear, Caldwell said.

Penalty for operating or riding on a motorcycle without the properly approved equipment can be fined in justice of the peace courts up to \$200.
